

You want a printer. Black & white will do. Something that won't cost you an arm and a leg either. But that doesn't mean you want to sacrifice quality. Well, let us point you in the direction of our HL-2035. With its fast print speeds you won't fail to be impressed - just like the experts at Trusted Reviews and PC PRO.

Winner of the PC PRO Best Value Award

"Its low cost is impressive enough, but to do this while keeping running costs low, quality high and speed up to an average of 15 pages per minute is simply amazing. It's such a solid little printer." PC Pro magazine.

No compromise on quality

With its small compact size and small price tag, you'd expect our entry-level mono laser printer to only have basic features. Not the HL-2035. Its speed and quality is right up there with much more expensive machines and with a large 250 sheet paper capacity, you won't be constantly adding more paper.

Cleverly designed consumables

As the printer is designed with a separate toner and drum, you'll cut your costs, as you only ever need to replace the one that's run out. And don't forget. To keep getting the best out of your printer, make sure you always use genuine Brother consumables.

Technical Specifications HL-2035

General	
Technology	Electrophotographic
Print Speed A4	Up to 18ppm
First Print Out Time	Less than 10 seconds
Resolution	HQ1200 (2,400 x 600dpi), 600dpi, 300dpi
Processor	SPARClite 96MHz

Low price.
High praise.

HL-2035

MONO LASER
PRINTER

PC PRO
BEST VALUE
AWARD WINNER

Keep costs down and your standards up

Fast, hard-working and reliable

You need a compact desktop printer for a small or home office that works hard and won't slow you down – or let you down. This mono laser printer is designed to be able to handle the busiest of workloads, so no matter how much you need printing, the HL-2035 can handle it.

Save time

with fast 18ppm mono print speed

Less refilling

with up to 250 sheet paper tray capacity

Switch paper easily

with single sheet manual feed paper slot, ideal for printing envelopes

Save money

with separate toner and drum, as you'll only have to replace the one that runs out

HL-2035

Green and clean

Low power consumption, minimal noise, non-hazardous materials and recycling friendly design. No wonder Brother has been awarded 100 out of 100 by the Ethical Company Organisation for the third year in a row – the only printer manufacturer to achieve this.

And our commitment to the environment now includes sponsoring 4 square kilometres of Amazon rainforest in partnership with Cool Earth, which protects endangered areas to help combat global warming.

You're covered

When you buy a new piece of equipment, the last thing you expect is for it to let you down. In fact, when something does go wrong with one of our products, we're as surprised as you are, as every Brother machine has been through rigorous testing. So, in the unlikely event that you do have a problem with your machine, you'll be pleased to hear that every Brother printer comes with a full 12 month warranty plus 24 hour online support. Which means if your machine does let you down, our dedicated aftercare team won't, even after your warranty period has expired.
